**Cultural imperialism - Wikipedia**

Cultural imperialism, also called cultural colonialism, comprises the cultural aspects of imperialism. "Imperialism" here refers to the creation and maintenance of unequal relationships between civilisations, favouring a more powerful civilisation. Thus cultural imperialism is the practice of promoting and imposing a culture (usually that of a politically powerful country) over ...

**Post-processual**
Post-processual archaeology, which is sometimes alternately referred to as the interpretative archaeologies by its adherents, is a movement in archaeological theory that emphasizes the subjectivity of archaeological interpretations. Despite having a vague series of similarities, post-processualism consists of "very diverse strands of thought coalesced into a loose cluster of ...

**Privatize Archaeology! - Econlib**
Dec 13, 2021 · Private archaeology, the way you describe it, is just grave robbing. The value of antiquities on an open market has nothing to do with archaeology but only the rarity value of an object and the perceived status of the possessor. Archaeology is about the context of a cultural deposit and how it can reveal stories of the past.

**archaeology | National Geographic Society**

Historic archaeology incorporates written records into archaeological research. One of the most famous examples of historic archaeology is the discovery and decipherment of the Rosetta Stone. The Rosetta Stone is a large slab of marble discovered near Rashid, Egypt, by French archaeologists in 1799. It became an important tool of historic

**What is Anthropology? — Anthropology**

Anthropology is the systematic study of humanity,
colonialism is defined understanding our evolutionary origins, our distinctiveness as a species, and the great diversity in our forms of social existence across the world and through time. The focus of Anthropology is on understanding both our shared humanity and diversity, and engaging with diverse ways of being in the world.

Colonialism: Meaning, History, Types, and Evolution
Colonialism traces its origin around when the pre-colonial African empires came into existence which then encouraged the Egyptians, Greeks, Phoenicians, and Romans to build their own colonies in antiquity. Military colonies were set up by the Vietnamese in between 11th and 18th centuries. The Age of Discovery gave rise to modern colonialism.

Religion and Colonialism
Religion and Colonialism
Colonialism and Buddhism. If specifically as the enforced occupation of a region or control of a population, subsequently maintained through either direct coercion or cultural and ideological hegemony, then Buddhist societies and cultures have been both subject to, and agents of, colonialism throughout the centuries.

Archaeology - Leiden University
Archaeology. At the Faculty of Archaeology, we investigate the development of human societies worldwide, from the earliest beginnings to modern times. We also study the heritage of mankind, which evokes this deep history, and which connects with, and informs, contemporary society.
