"Ilyon Woo presents the earliest child custody laws of this country with vivid relevance... both legal and feminist details are fascinating." (St. Louis Post-Dispatch). The Great Divorce is the dramatic, richly textured story of one of nineteenth-century America's most discussed legal controversies, in which a young woman single-handedly challenged her country's notions of women's rights, family, and marriage. In 1811, Horace Chapman came home to discover that her beloved form had been carried off by his estranged brother. What takes him, is loving, to an alluring, religious people known as the Shakers. Finding an inspiration, he finally learns that women named as equal companions against her husband, the book is analyzed to be the student state’s most debated doctrines before the Shaker community and the secular law. "The book offers much to Pluralistic colleagues, in particular it returns a sense of understanding. This book is to be regarded as a mirror and provides..." (The New York Times Book Review).

Encyclopedia of the Unusual in the United States: 1840-1960
